Cleveland Clinic is a nonprofit, multispecialty academic medical center that integrates clinical and hospital care with research and education. Cleveland Clinic was founded in 1921 by four renowned physicians with a vision of providing outstanding patient care based upon the principles of cooperation, compassion, and innovation. Today, Cleveland Clinic is one of the largest and most respected hospitals in the country.

Cleveland Clinic is comprised of a 1,400-bed academic medical center, ten Community Hospitals in Ohio and Cleveland Clinic Florida in Stuart, Vero Beach, Weston, and West Palm Beach, Florida. In total, there are more than 5,800 inpatient beds, 1,400 pharmacy employees, 20 ambulatory pharmacies, and significant inpatient and outpatient clinical services. We offer several PGY-1 and PGY-2 pharmacy residency programs and over 45 types of Advanced Pharmacy Practice Experiences across the Cleveland Clinic enterprise.

Department of Pharmacy

The Department of Pharmacy is a clinical care department whose mission is to provide patient focused pharmacy practice across the continuum of care through innovation, education, and research. The vision of the Department of Pharmacy is to be the World Leader in pharmacy practice.

Cleveland Clinic Health System

Students have the opportunity to complete rotations at any of the hospitals in the health system, ambulatory pharmacies, and patient care clinics. Our Ambulatory Pharmacies are owned by Cleveland Clinic, and provide dispensing services as well as medication therapy management (MTM) and bedside delivery. Patients are seen daily in Patient Care Clinics for multiple services, including anticoagulation and diabetes management. Our Patient Care Clinics are located on hospital sites and in Family Health Centers throughout the community.

Akron General

- › 532-bed academic medical center
- › Has more than 1,000 physicians, and serves as a tertiary care, teaching hospital in the Akron region with services in high ranked specializations: cancer, cardiology, endocrinology, gastroenterology, geriatrics, level I trauma center, maternity, nephrology, orthopedics, pain management, pulmonology

Student Housing Program

If you'll be visiting Cleveland Clinic for less than a year, please let us help arrange your short-term housing. We've vetted several housing options and negotiated a student rate for each.

Most of the housing options are fully furnished, and many are within a short car or public transportation ride to the Cleveland Clinic main campus. Some have en suite washers/dryers, fitness centers and free use of computers and printers.

The prices vary depending on the unit size and location, availability, and your willingness to share common living spaces and bathrooms. Some establishments may charge an additional fee for utilities and certain amenities, such as Wi-Fi, garage parking and linens.

Tips

- › To save money, consider shared housing.
- › By using our service, you'll pay less. The price you pay reflects a discounted student rate from the vendor.
- › Need a roommate? We can help match you with another student looking to share housing.
